

# Managing Energy

## Supporting Partner Opportunities

Decision makers from business, industry and government are looking for integrated energy solutions that ensure affordable power and effective management of energy-related costs. On October 19, 2017, *Managing Energy* will provide a venue for energy professionals from throughout Southeastern Ontario to gather together and learn about the latest energy marketplace developments, promising new technologies for their facilities, and innovative project implementation strategies.

Take this opportunity to meet service providers, develop innovative energy solutions, discuss equipment upgrade requirements, and reduce your energy costs.

Becoming a Supporting Partner will allow your organization to:

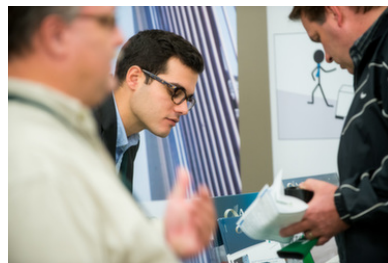

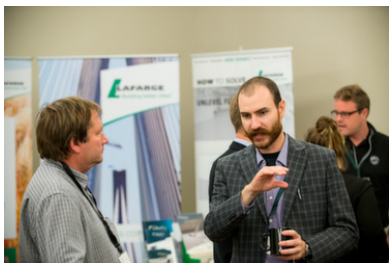

- Connect with potential collaborators
- Showcase new developments
- Gain valuable market insights
- Interact with energy decision makers in attendance
- Attain increased visibility with a prime booth placement

Attendees will include:

- Facility and energy managers
- Plant engineers and operations managers
- Maintenance managers/supervisors/engineers
- Business owners
- Managers/purchasers of energy
- Governmental affairs managers
- Utility company managers
- Energy consultants

Previous attending organizations included:

- 3M Canada
- A.M.G. Baytech
- Ambassador Hotel and Conference Centre
- Ancor Concrete Products
- Anything Electric
- Arcadian Projects
- Armstrong Monitoring
